

## Multi-Sensory One to One Tutoring In Math

- ◆ A remedial program intended for struggling students in grades 3 to 7 including those identified as have learning disabilities.
- ◆ Using the Montessori approach hands on materials are used to bridge from the concrete to the traditional math curricula
- ◆ Success-oriented: Students build confidence as they work towards mastery of basic math concepts
- ◆ Students attend one hour sessions , twice a week
- ◆ One to one tutoring
- ◆ Students' math skills are assessed on the first session and a lesson plan recommended by our teacher
