Supporting your Child's Special Education

A one day workshop for Parents and Caregivers of children with
Learning Disabilities and/or Attention Deficit Disorder

Parents, Learn about your child's rights and entitlements for special education programs and services. Find out what you can do to make sure your child receives the best education possible.

This course is especially helpful to those who are having difficulty getting the system to respond to their concerns. Relevant for all parents of children with exceptional needs at any age level.
